

Permits

Building Permits, Electrical Permits,
Mechanical Permits & Plumbing Permits

The City of Hogansville requires a building permit be obtained on all new construction and most repairs, both, interior and exterior. A permit is required on all aspects, to include...building, electrical, mechanical and plumbing. The fee schedule based on the cost of labor and materials is listed below. Most permits may be issued the same business day after an application and all documentation is received. Documentation varies based on the type of permit needed. Please call the permitting office at City Hall for related information at 706-637-8629.

Please note, effective 07/01/2008 all contractors obtaining a permit must have a state contractor's license and be able to produce the license at the time permits are issued.
